

# 6 Month Innovation Incubator Visual Analyst Internship

(CASVA2012)

## **PLEASE READ CAREFULLY BEFORE CONTINUING.**

European Student Placement Agency, Ltd (ESPA UK) is a recruitment agency whose goal is to find high quality internships for European students in the UK. We work closely with our host companies to ensure the positions provide the candidates with a great experience, both professional and personal.

**REQUIREMENTS:** ESPA vacancies are open to all EU passport holders able to travel to the UK for an educational work placement, without the need for visa documents. You have to be a registered student and/or have Erasmus+ status to be eligible for our internships. Any student who is unsure of their situation should check with their university before applying. Non-EU students can also apply if they are studying in the EU and can get an Erasmus+ grant/status for the entire length of the internship.

**BENEFITS:** All ESPA's services are **free** for students and alumni. The benefits are:

- 1) Paid Accommodation.
- 2) Paid Utility Bills (electricity, gas, water and council tax) + Internet Access
- 3) Commuter travel to work.

This will be sourced and managed on your behalf by ESPA. **These benefits have an approximate value of 1000€-1200€ per month (depending on location).**

There is no salary over and above the benefits offered, unless specifically stated.

To know more, please visit: [www.espauk.com](http://www.espauk.com)

## The Host Company

There is a significant opportunity to **join a step out innovation and venture team** within a major corporation, operating in the field of **automotive and industrial lubricants**.

The innoVentures team is looking for interns, who will be **part of an innovative team**, which has been running successfully for over four years building up several emerging businesses as well as an investment portfolio covering automotive and industrial sectors.

With their investments, they bring their supply chain relationships, global industry networks and extensive engineering resources to really help push great ideas through to businesses and consumers.

## Role

The team is looking for **creative interns**, who will **be in charge of analysing information** related to the business strategy and operations, **and create animations and graphics** following the requirements provided by senior team members.

The ideal candidates will have a good understanding of business and digital strategies, to be presented through data visualization techniques. The candidates will possess the skills needed to create visually brilliant dashboards, reports, electronic media and visual analytics that cleanly/cleverly communicate business measurements and insights.

The ideal candidates will be able to get to work quickly and can readily adapt to changing dynamics and situations.

## Location

London.

## Languages

Fluent in written and spoken English (C1 min).

## Start date
