Role

This is a fantastic, career enhancing opportunity for an ambitious Marketing and Communications student to increase the visibility of a company distributing innovative “creative thinking” software and strategies. You will assist in Marketing and Communications, digitally, through Social Media etc. as well as through more traditional face to face methods to develop an inbound marketing strategy; and creating engaging and targeted marketing content. This hands-on business experience will be a great addition to your CV and boost to your career prospects.

Tasks

- Writing brand targeted content for company websites and blogs
- Planning and creating email marketing campaigns
- Creating engaging content for social media
- Monitoring and managing Search Engine Optimisation
- Outlining and setting up PPC (pay per click) campaigns
- Researching new opportunities
- Working with the software development team to test and improve the product
- Assisting with customer support

Desired Skills

- Excellent written skills
- Strong knowledge of digital marketing, including content and email marketing, SEO and paid search
- Good working knowledge of online reporting tools including Google Analytics
- Extremely sharp attention to detail
- Ability to remain calm under pressure; well organised
- Strong, professional oral communication skills
- Excellent interpersonal skills and a self-motivated team-player
- Flexibility as out of hours working may be required

The Host Company

The brainstorming and project planning software developed by this ambitious fast-growing company is used by more than 1 million people worldwide and they deliver accredited training courses in Mind Mapping, Applied Innovation, Speed Reading and Memory Skills with an expertise in creating results-driven training.
