

Apply here

Start date

Flexible (preferably January 2018)

Duration

6 months

Languages

Good spoken and written English levels are required (B2 onwards)

Location

Swansea, Wales

Swansea is the second largest city in Wales, hosting a large student population and buzzing nightlife. Situated in the UK's first Area of Outstanding Natural Beauty, you can relax on award winning beaches and explore the unspoilt Gower Peninsula, a must for hikers. The rugged coastline provides a paradise for water sports enthusiasts including surfing, wind, and kite surfing, where you can also observe the local dolphin and porpoise pods in their natural habitat. This beautiful area has something for everyone.

Are you eligible?

Are you a registered student?

Are you eligible to participate in the Erasmus+ programme?

Benefits

See website for details of all ESPA benefits. For all internships over 6 months, additional benefits will be paid. Details available at interview.

Role

This is an outstanding opportunity for a proactive Developer to gain practical experience and have a positive impact on the future of this company's success. Mentored throughout, you will assist in the integration of the hosts workflow with the document management systems of established clients. This will enable clients to upload documents into the company workflow for translation enabling tracking throughout and for the host to manage their services efficiently with a more automated service. This challenging internship will be a great addition to your CV and boost to your future career aspirations.

Tasks

- Assisting with WordPress based website maintenance
- Integration of workflow using Zapier online automation tool
- Integration of Translation management system using Computer Aided Tools
- Testing system to eliminate faults and bugs

Desired Skills

- Experience creating API connections
- Java or Java Script
- HTML5 and CSS
- .Net would be a nice addition but not necessary

The Host Company

Founded in 2006 by two entrepreneurs, the host company is a market leader in providing high quality translation services. Company turnover has doubled each year, and they have expanded their product portfolio, offering a full range of language services including interpreting, voiceovers, subtitling, reviewing, transcription and multilingual Desktop Publishing. Winners of multiple awards, they are still growing and are looking at new innovative technology to revolutionise current translation offerings.
