Role

This is a fantastic UI Design Internship opportunity in a fast-growing App development company.

Specialising in second hand marketplace App, you will be working alongside the lead Designer and you will be involved in generating ideas and contributing to visual designs on the App and Web versions that effectively communicate concepts and the company's brand identity. (ex – marketing material).

Your work will contribute to attract more users and companies to use the platform resulting in more exchanged items and supporting their current growth to become the largest 2nd hand marketplace in the UK.

Tasks

- Design and produce marketing collateral
- Design and produce web and mobile user interfaces
- Design and produce emails, digital ads, editorials, affiliate collateral and other ad hoc briefs
- Research emerging digital trends
- Engage with wider digital creative community
- Contribute ideas on new features for app and web version

Desired Skills

- Good understanding of web usability and accessibility
- Innovative and creative mindset
- Knowledge of industry standard design tools and software, such as Adobe CS Suite
- Acute attention to detail
- Self-starter with project and time management skills

The Host Company

The host company hosts a 2nd hand marketplace where people can buy, sell, swap, and freecycle items. It is available on both iOS, Android, with a web version arriving soon. The company is in the middle of a national expansion, signing up some well-known partners, which will make them one of the largest 2nd hand marketplaces in the UK.
