Good spoken and written English levels are required (B2 onwards)

Location

Gloucester, England

The cathedral city of the Cotswolds, Gloucester has its roots stretching back to Roman times and has continued to be an important English city, boasting over 2,000 years of history. The country's most inland port, the city has seen unprecedented regeneration in the last decade, most visibly at the city's historic docks making it a top shopping destination. This friendly city hosts a premiership rugby team with the country's most passionate support and with buzzing night life, you are guaranteed a great experience.

Benefits

See website for details of all ESPA benefits. For all internships over 6 months, additional benefits will be paid. Details available at interview.

Role

This is a fantastic opportunity for a creative individual to gain practical experience in web development within this award-winning web design agency. Mentored throughout in a close knit, friendly team, you will assist in the creation of beautiful looking, user friendly websites for their valued customers who currently include Gloucester Rugby club, Oxfam and the National Health Service. If you want to work in a fast paced, fun environment where you can showcase your talents and learn new skills, then this could be the ideal placement.

Tasks

- Assess and interpret customers needs
- Assist in the creation of websites within the design team
- Front-end development to move designs into working websites
- Assist in the testing of pages and sites during development for usability and bug fixing
- Proactive contribution of ideas and solutions

Desired Skills

- Studying for a degree with a strong emphasis on web design
- Understanding of HTML & CSS
- Knowledge of graphic design desirable
- Energetic and willing to communicate with customers
- Basic understanding of PHP and MySQL
- Basic understanding of jQuery/Javascript
- Knowledge of responsive web design

The Host Company
