## Role

This is an exciting opportunity for a dedicated individual keen to gain practical accounting experience within an international environment with the host who delivers innovative mobile applications. Mentored throughout by the company accountant, you will assist in all aspects of day to day account activities as well as forecasting and analytics. This will be an invaluable placement to practice your skills in this fast-moving Hi-Tech company.

## Tasks

You will be working on a variety of day to day tasks;

- The correct processing of all purchase orders, receipts and invoices to ensure compliance with authorisation procedures and terms of payment are properly exercised to the company's benefit
- Production of monthly management accounts for submission to the Board including an analysis of opportunities and risks to the company's financial performance
- The production of financial data on an as required basis consisting of;
  1. Financial projections
  2. Budget estimates
  3. Cash position and forecasts
  4. Customer Reports
- Data Analytics; the host's digital software platform generates over 1 million transactions per month. Using data analytics techniques, the host company will use this information to drive revenue

## Desired Skills

- Possessing or working towards a degree in Accountancy
- Effective verbal and written communication skills
- Ability to work with others
- Customer Focused
- Planning and Organising
- Performance Management
- Attention to detail and an eagerness to learn new skills.

## The Host Company

The host company, based in Belfast, operates at the leading edge of mobile telecommunications developing digital solutions for mobile network operators such as Carrier Billing where online purchases can be added directly to a mobile phone bill, a more convenient way of buying. Working with some of the world's leading mobile network providers, this expanding company is going from strength to strength.
