### Role

This is an exciting role for a dedicated student with an interest in languages and Marketing. You will gain comprehensive, practical experience with this innovative host, assisting in the promotion of their niche products in the medical sector. Mentored throughout, you will assist in accurate translation of their website, brochures and user manuals as well as developing their online presence using social media. This is a great chance to showcase your skill, use your languages and develop both personally and professionally.

### Tasks

You will assist in the upgrade and development of products from concept to production to include:

- Accurate translation of website content
- Accurate translation of company brochures and customer user manuals
- Develop an online presence using Social media, including Facebook, Twitter, LinkedIn
- Other duties as required

### Desired Skills

- Working towards a degree in Marketing or other related
- Ability to translate accurately using correct grammar and punctuation
- Understanding of digital marketing and social media platforms
- Highly organised and able to prioritise
- Ability to work under own initiative and as part of a team
- Ability to work to strict deadlines
- Good general IT skills
- Knowledge of SEO and analytics a bonus

### The Host Company

This host was established in 2003 by two Anaesthetists at Queens University Hospital in Belfast, who identified a need for more realistic training aids for medical procedures. They now lead the medical simulation market, designing and manufacturing a range of realistic and durable training manikins, aimed at developing skills in emergency airway management of patients. They are now seeking talented individuals to help in the upgrade and redesign of some products to help maintain their number 1 position in the marketplace.
