The Host Company

This host company is an ambitious start up that has designed a platform to optimise the performance of professional athletes by providing them with a structured tool to engineer and own their bespoke medical, athletic and skill requirements ensuring that peak performance is reached on match days. Co-founded by an ex professional rugby player who made 70 appearances for Ireland, the application has been successfully trialled in the professional sporting arena. They are now looking to expand rapidly into Europe and are seeking like-minded people with the right attitude to join them.
