Are you a registered student?

Or

Are you eligible to participate in the Erasmus+ programme?

### Benefits

See website for details of all ESPA benefits. For all internships over 6 months, additional benefits will be paid. Details available at interview.

**Please note that, due to the current situation with Covid 19, the host company's office is open 3 days a week with a maximum of 7 people allowed in the office at any one time. For this reason, the successful candidate could come to the UK and work flexibly with a mix of working from your residence in the UK and working in the office environment. Alternatively, you could work entirely remotely from your home country until restrictions are lifted. Please check, before applying, that working remotely from your home country is allowed by your university.**

This is great opportunity for an individual interested in a Customer Success role, within a well-established and expanding company. If you are interested in eCommerce, organised and process orientated with a high "do to say" ratio, this is the perfect chance for you to be at the forefront of the eCommerce revolution, providing manufacturers with the measurement and analytics needed to help them optimise their sales and profitability on Amazon and other eCommerce sites. You will be a strong team player with professional drive, who is adaptable and flexible, helping across multiple projects and a strong desire to learn. This is a great chance to develop professionally and personally and an invaluable addition to any CV.

### Tasks

- Classification of products and brand groups to deliver category updates
- Manage data entry, review client inputs and maintain to agreed standards
- Deliver defined outputs in line with client schedules
- Research websites to qualify product and brand dimensions

### Desired Skills

- Constant attention to detail and data accuracy
- Excellent communication skills, both verbal and written
- Time management skills and able to deliver to defined timelines
- Multitasker
- MS Office; especially Excel

### Not essential

- Knowledge of Power BI although you will have the opportunity to learn this 'on the job'

### The Host Company

The host company is the leading global provider of eCommerce intelligence for global brands and retailers with prestigious clients including Mars, and L'Oréal. Providing manufacturers with critical eCommerce insights, they assist in enhancing their online sales and market positioning by delivering key online metrics, including pricing, product content, quality and search ranking in any country and from any online or multichannel retailer. Collecting online insights from 450 million product pages at more than 8,000 online retailers in over 50 countries worldwide every day, they are expanding rapidly and seeking dynamic individuals to experience their success.
