## Role

Please note that, due to the current situation with Covid 19, the host company prefers that this role is worked remotely from your home country. However, you could come to the Belfast and work flexibly with the majority of working from your residence in Belfast.

This is a great opportunity for an enthusiastic, creative graphic design student. Mentored throughout, you will develop a suite of marketing tools to improve communications to showcase the host's innovative product and service offering. You will work alongside sector staff to develop graphics for product offering, messages and visuals for trade shows and events, and with the Executive team on presentations for key stakeholders and assist in maintaining brand guidelines across all communications

This is a fantastic chance to gain hands on experience and highlight your professionalism and strong work ethic, providing a great addition to your CV and boost to future career prospects.

## Tasks

- Create graphics and visual aids to communicate the innovative nature of the host product offering
- Develop visuals for range of presentations including corporate and product messaging
- Develop visual content for brochureware

## Personal Skills

- Studying a degree level in graphic design/art related subject
- Ability to deliver animated and other designed content
- Deliver high standards of personal behavior and effectiveness including timekeeping, quality of work, efficiency, professionalism, discretion and strong work ethic
- Manage time effectively and know how to prioritise tasks
- Strong communication skills extending to all stakeholders

## The Host Company

The host company is made up of companies, all working together to develop sustainable food solutions. Headquartered in Northern Ireland, their global team of nutritionists use science and technology to ensure the most effective and efficient utilisation of nutrients in the production of food. Manufacturing across three production sites, selling and delivering to over 40 countries worldwide and to over 20 states within the US, this host's vision is to be the leading provider of integrated environmental, animal, and human health solutions. Their strategy of "One Health: From Soil to Society" sees food production and health provision as one inter-connected value chain, where all elements are linked so that they can positively influence the environment, animal and human health and wellbeing.
